*Consider this..... Quotes from Jesus Was/IS Involved in Politics, Neil Mammen*

- ***When the sanctity of life, the definition of marriage and public standards of morality are at stake, the church cannot remain silent!***
- ***Politics affects your religious liberties!***
- ***If the Church does not take a stand for God's righteousness, who will?***
- ***What would Jesus Do? 1 Samuel 5:22 ...obedience to God and His commandments is more important than sacrificial worship.***
- ***What would Jesus Do? Mark 2:1-12 ....Jesus first forgave the man's sins before He healed the man. His main concerns were moral.***
- ***The only way to have a nation with a godly moral fabric is to ensure that biblically grounded men and women of faith are weaving it.***
- ***Who better to be involved in politics than a Christian who is a godly man or woman? Who better to be in politics than one who knows and loves "Nature's God"?***
- ***There is no "official" way to insist that every elected official recognize the Bible as the source of our moral values. Any citizen is free to run for office. That means there can come a day when our nation changes from a republic built on the unchanging truth to a republic built on the changing opinions of our leaders or of the masses. The only way to ensure this does not happen is for pastors and churches to be the educators of this noble trust. Not to tell them who to vote for, but to inform Americans about the principles on which to base their votes.***
- ***The freedom to preach the Gospel tomorrow, lies in your hands today. It would take only a few election cycles to destroy our country if we fall asleep at the wheel. And if we do, history will note with the greatest astonishment, that those who had the most to lose, did the least to prevent it. Ronald Reagan***
- ***There are more than 60 million Christians in the US and sadly we are not making our voices heard. The only reason America is where it is today is because of Christians who are not voting or affecting the culture and laws like we should.***
