

Christian Voter Mobilization Tools

Why Christians Should Be Involved in Politics.....

- The Bible instructs us to "...select capable men from all the people—men who fear God, trustworthy men who hate dishonest gain—and appoint the as officials..." Exodus 18:21
- These are the kind of leaders we want, and they are the kind of leaders we would expect Christian voters to choose. So it stands to reason that the more Christians who vote, the better the outlook for Pennsylvania and our nation.
- But here's the problem—In 2012, 39 million Christians did NOT vote.
- There are 90 million Christians in our country who are eligible to vote. If we all go to the polls on Election Day and select trustworthy elected officials who fear God we can turn the tide in America.
- Research has shown that people who make a specific plan to get to the polls on Election Day are more likely to vote, so we challenge you to make a plan and carry it out.

Venango County TEA Party Patriots in partnership with "United in Purpose" are making available resources such as posters, bulletin inserts, Power Point slides and videos that can be used in churches to encourage Christians to get registered and to vote. These are all non-partisan and legal for 501(c)3's to use.
