

FRENCHCREEK TOWNSHIP RESIDENTS

IMPORTANT COMMUNITY MEETING

A proposed **conservation easement** is expected to be discussed.

These decisions can have long-term effects on Frenchcreek Township and Venango County, including:

- Future land use
- Property restrictions
- Tax revenue for schools and local government
- Development opportunities
- Community planning for future generations

QUESTIONS RESIDENTS SHOULD ASK

- What property is involved?
- How many acres are affected?
- Is the reported 800 acres accurate?
- Who will hold the easement?
- Will tax revenue be impacted?
- Are restrictions permanent?
- Will the public have access?
- Will there be more chances for public input?
